

Join us for REACH 2009!  
Friday & Saturday, July 17-18  
The Sheraton, Greensboro, NC  
[www.lhm.org/reach](http://www.lhm.org/reach)

## Share the loving Creator, and REACH others for Christ

**REACH** is a two-day conference that tackles the unique outreach challenges facing young adults today. You will get equipped to engage people in your community for Christ and discover how to share the life-saving message of Jesus' love in a way that is natural and informed.

**REACH** 2009 will explore how Christians should relate to God's creation and explain what this has to do with reaching a world in need of Christ. In-depth Bible studies provide a biblical foundation for why we should care about God's creation, and special workshops will equip you to move from caring for creation to sharing the Creator, Redeemer, and Sustainer of it with others.

### Bible Studies & Sessions

#### **Bible Study Series: Together With All Creatures**

Dr. Charles Arand, of Concordia Seminary in St. Louis, will challenge attendees to consider questions like, "Do we encounter God in the world of nature?" and "What responsibility do Christians have toward creation and other creatures?" as he leads this three-part Bible study.

#### **Session: Creation vs. Evolution**

When sharing Christ in environmental circles, you will need to be prepared to answer questions about creation vs. evolution. Rev. Steven Misch, leader of **LHM's Men's NetWork** Bible study called "Out of Nothing," will help attendees find the words to say when faced with such challenges.

#### **Session: Environmental Evangelism:**

##### **Sharing Christ While Going Green**

Sarah Guldalian, Coordinator of **LHM's Equipping to Share** evangelism training program, will help attendees bridge conversations from simply sharing a love of the environment to sharing Christ's love and forgiveness in a natural way.

#### **REACH 2009 Servant Event**

REACH participants will help protect bluebirds that are nesting along the Lake Daniel Park Greenway by clearing the overgrown vegetation near the nesting sites, which attracts predators who steal the eggs and nestlings.

### REACH Conference Schedule

#### **Friday, July 17**

- 4:00 PM Registration Opens
- 7:30 PM Meet and Greet, Refreshments
- 8:00 PM Together with All Creatures Bible Study 1
