

LUTHERAN HOUR MINISTRIES
People Of Christ With The Message Of Hope

Guatemala

Floor Installation/ Computer Lab/VBS

Dates: June 24-July 1, 2012

Individual Budget: \$450

This includes food, lodging, in-country transportation, translators, visa, and travel/health insurance. This is an estimated cost and does not include international flights and is based on a team of 10 people for 11/12 days.

Materials for Project: \$5,000-This includes the supplies needed for the floor construction as well as 6 laptop computers

Project

There are three areas of ministry involved in this unique project-construction, technology, and interaction with local children and their families through a VBS. The construction portion of the project involves the team helping to install the floor at local church, entitled Lutheran World's Redeemer's Temple. For the technology portion, the team has been asked to provide between 4 and 6 computers to be distributed between the LHM-Guatemala Internet Café and Redeemer Lutheran School's Computer Laboratory. Lastly, a VBS will be held for the children of Santiago Zamora Village between the ages of 6 and 15.

Project Location

The Lutheran School "World's Redeemer" is located in a small Mayan village called Santiago Zamora. Their language is cakchiquel but they also speak Spanish. The village is located 25 minutes from Antigua Guatemala. The villages' major focus is agriculture for the men and typical handicrafts for the women. The population is around 5,000. The major denominations are catholic, Presbyterian and Pentecostal. There is also a church attached to the school which started 20 years ago and currently has 60 members.
