Section D—Role of Members. The League shall do all in its power to activate and motivate an increasing number of members to serve their Lord. Members are encouraged to have a clear understanding of the expectations of the League in the use of their time, treasure, and talent. Grassroots activities may be conducted to meet local ministry needs and to engage new workers and supporters for the ministries. The League encourages great diversity in its membership (geographically and in age, gender, and ethnicity). Members will have the power to vote, as specified in these Bylaws.

ARTICLE II – Structure

Section A—Elections to the Board, **changes** to the Articles of Incorporation and Bylaws, and **major matters** which the Board deems necessary for approval by the membership or which are required to be submitted to the members by Missouri law, shall be submitted for a vote to those members who are at the time registered to vote in accordance with these Bylaws.

Section B— The League is served by the International **Board of Directors** which oversees and guides the overall direction of the League and its Lutheran Hour Ministries. Board members must be members of the League.

Section C— The Board shall select an individual who, under its supervision and direction, shall carry on the general affairs of the League. This individual shall hold the title of “President & CEO” (or such other title as is designated in Board Policy), and shall be a member of the staff of the League. It shall be his or her duty to approve the expenditure of the monies appropriated by the Board in accordance with the budget

approved by the Board. The President & CEO shall make an annual report and periodic reports to the Board concerning the operations of the League. He or she shall comply with all orders from the Board. All employees shall report and be responsible to the President & CEO. He or she shall perform such other duties as may be determined from time to time by the Board.

Section D— Districts shall be integral parts of the League even though they may be separately incorporated. The articles of incorporation, (if incorporated) constitution and bylaws (and any amendments thereof) of each district shall be in harmony with the purposes and objectives of the League and shall become effective only after approval as spelled out in policies of the Board.

The district may be divided into geographic zones or divisions as determined by the district's governing board. Each zone's or division's articles of incorporation, constitution and bylaws and amendments, as well as geographic divisions, programs and activities, are subject to the review and approval of the President & CEO.

The programs and activities of all districts and zones shall in all respects a) be in harmony with the purposes and objectives of the League, b) support efforts, interests, time or funds from the Int'l LLL's programs and activities, and c) not jeopardize the Int'l LLL's tax exempt status nor subject the Int'l LLL to possible legal or financial liability. All other matters of form and function of Districts and zones shall be spelled out in the policies of the Board of Directors.

All districts and zones are intended to be included in the League's I.R.S. group exemption letter as of the date of adoption of these Bylaws and shall continue to be included until the Board decides otherwise.

Section E— Congregational Ambassadors are the local connections between congregations and the Lutheran Hour Ministries main office. Duties may be outlined in Policy and detailed by job descriptions and guidelines established by staff.

Section F— LHM Affiliated Groups provide grassroots activity and, at the discretion of the Board, may include (but not be limited to) groups, congregations, Recognized Service Organizations, and other entities. LHM Affiliated Groups may be further defined and delineated in Policy and may be covered in the League's I.R.S. group exemption in the future at the Board's discretion.

Section G— Further formations based on geographic areas, culture, and current needs may be established by the Board and be included in Policy. In such cases, all operational documents for these areas must be in harmony with the purposes and objectives of the League as set forth in the Articles of Incorporation and Bylaws of the League and are subject to approval by the Board or its legal designee. The programs and activities of the LHM Affiliated Groups and such further formations shall in all respects be in harmony with the purposes and objectives of the League and any

program or activity which is not part of the programs or activities of the League shall only be undertaken after approval by the President & CEO.

ARTICLE III – Board Composition and Functions

Section A—Board of Directors. The business and affairs of the League shall be conducted under the direction of its Board. The policies, far-reaching vision, strategy, and organizational functions of the League shall be discussed, developed, approved, and facilitated by the Board. In policies and functions, the Board shall advance the mission of *Bringing Christ to the Nations— and the Nations to the Church*, strive to remain current and relevant, encourage effective communication of the organizational message, expand public awareness of the League, increase the number of members, volunteers, and leaders, effectively use human and financial resources, and strive for improvements in response to emerging opportunities.

A Pastoral Advisor who is an ordained clergyman in good standing with the LCMS or LCC and a member of the League shall be appointed by the Board to serve as the spiritual leader of the Board and as a non-voting member. The President & CEO is an ex-officio member with voice but no vote on the Board. At least one elected member of the Board will be a resident of Canada and a member of an LCC congregation.

Section C—Meetings. The Board will meet as often as specified by Policy, but no less than four times a year, including an annual meeting of the Board as required by Missouri law. Locations, dates, and agendas may be determined by Policy. Major actions of the Board shall be reported to the membership through a timely official communication. A majority of those individuals in office at the time shall be necessary to constitute a quorum and in every case an affirmative vote of a majority of these Board members present at a meeting shall be necessary for the taking of any action. Liaisons from the LCMS and LCC, as approved by the Board, may attend and speak at meetings of the Board, but carry no vote.

Section D—Policies. The Board establishes Policy to augment but never conflict with the Articles of Incorporation and Bylaws. A Policy may be established at any Board meeting and is to be clearly stated as an addition to official Policy. Official Policy is to be adopted by at least two-thirds affirmative vote of the full Board. Policies are to advance the function of the League and its Lutheran Hour Ministries.

Section E— Committees. The Board shall form six standing committees: the Audit Committee; the Budget and Finance Committee; the Board Development Committee; the Fund Development Committee; the Compensation and Evaluation Committee (dealing with the President & CEO and potential employee matters); and the Nominations Committee. At least two members of each committee will be elected Board Members, and other members of the League may be appointed from outside the Board by a majority of the Directors. Other committees of short duration may be formed by the Board with specific functions. All committees report to the Board. All committees shall

adhere to the requirements of Sections 355.376 to 355.401 of the Revised Statutes of Missouri, which govern meetings, action without meetings, notice and waiver of notice, and quorum and voting requirements of the Board, which apply to committees of the Board and committee members as well, pursuant to Section 355.406 of the Revised Statutes of Missouri. The Board may designate one or more standing or special Committees to direct the business of the Corporation. Each such Committee may exercise the authority granted to it by the Board's enabling resolution.

1. The Audit Committee shall assist the Board in fulfilling its oversight responsibilities. The Audit Committee shall consist of no less than three members who possess a basic understanding of finance and accounting and be able to read and understand fundamental financial statements, and at least one member of the Audit Committee shall have accounting or related financial management expertise. The Audit Committee shall meet no less than two times per year and have those authorities spelled out in policy.
2. The Nominations Committee shall consist of five members: the chairman shall be selected by the Board; two Board Members shall be selected whose term of office extends to include the appointment period, who are nominated by the Chairman of the Board and approved by the Board; and two additional members of the League appointed from outside the current Board (these may be former Board members) who are nominated by the Chairman of the Board, with Board approval. The committee serves for a 12- month period from the time of appointment. The committee will follow Board Policy and specific criteria for proposing nominees to the Board of Directors.
3. The Nominations Committee will establish procedures for nomination by petition of members for candidates for election to the Board of Directors, such procedures to be approved by the Board. The Board also has final approval on the slate of Board candidates presented by the Nominations Committee.

Section F— Elections

1. **Voting** - Eligible members of the League shall have authority to vote for the election of Directors, and to vote on any proposal submitted to the membership. In order to be eligible to vote, a member must register to vote with the League corporate office during the year of the election pursuant to the procedures set forth in Board Policy, and must comply with the balloting and voting procedures set forth in Board Policy. Official ballots shall be sent to members who are registered to vote and returned according to the procedures required by Section 355.266 of the Revised Statutes of Missouri. Each member entitled to vote shall be entitled one (1) vote on all matters properly submitted to the membership. Except as otherwise provided by law, by the Articles of Incorporation or by these Bylaws, all action shall be decided by a majority vote of the members casting votes on a particular matter.

2. Procedures and Terms of Office

- i. **Board Members** - A multi-slate ballot will be prepared by the Nominations Committee under the guidance of the Board for capable men and women to serve as Board Members. The term of office for the 14 positions of the Board shall be three years, and an individual may run for consecutive re-election only once. Terms are on a staggered basis, so that in two out of three years five people are elected, and in one out of three years four people are elected. Because the League is an auxiliary of LCC, it is imperative that at least one Board seat always be filled by a nominee who is a Canadian resident and a communicant member of a congregation located in Canada. When the Canadian Board member's seat is up for re-election, there shall be at least two Canadian nominees for the Canadian Board member seat.
- ii. **Additional Standards** - After one or more intervening years off the Board, a candidate may be eligible for election to the Board for an additional three-year term. In the case of any person appointed by the Board to fill a vacancy, the partial term will not count towards the term limit. Each term of office is to coincide with the League's fiscal year. To the extent an amendment to these Bylaws changes the length of time for any term of office, the Board shall, in Policy, decide at what point in time such change becomes effective, whether during an existing term of office or once the existing term of office expires or becomes vacant.
- iii. **Vacancies** - Vacancies on the Board occasioned by any reason other than normal expiration of term of office shall be filled by election by the Board. A person elected to fill a vacancy shall serve for the unexpired portion of the term of office to which he has been elected and qualified.

Section G— Officers. The Board of Directors shall elect the officers of the League. Such election shall take place at a duly called and convened meeting of the Board of Directors. The officers of the League shall be a Chairman, a Vice Chairman, a Secretary, and a Treasurer, who are members of the Board of Directors, and whose duties and responsibilities shall be set forth in Board Policy. The positions of Chairman and Vice Chairman must be filled by male members of the Board. No person may simultaneously hold more than one office at a time. In case any office of the League becomes vacant for any reason, the majority of the Directors then in office may elect a member of the Board to fill such vacancy, and the officer so elected shall hold office and serve until the election of a successor. Each elected officer shall serve a term of one year or until his or her successor shall be elected and qualified.

ARTICLE IV – Conventions and Conferences

Section A - Time. International Conventions of the League shall be held at a time and place approved by the Board, who shall provide final approval of major convention plans.

Section B - Regional Outreach Conferences. Regional Conferences shall be held in each year that an International Convention is not scheduled to be held. Locations are

determined by the Board. Regional Outreach Conferences will share ministry updates, inform, excite, engage, and motivate individuals, districts, zones, congregations, and participants in LHM Affiliated Groups to positive action and faithful support of the ministries.

Section C - Petition and Appeal. Members of the League may bring forth a formal petition to the Board at any time, requesting consideration of an important matter for the well-being of the organization. A petition must contain the verified signatures of at least 300 active members, indicating their complete addresses. The matter may be taken up by the Board for consideration and action. If the Board chooses not to consider the petition, then the petitioners may present an appeal to the Chairman of the Board for automatic consideration at the next convention. Members assembled in convention must vote by simple majority to present the petition to the membership for a final vote. If presentation of the petition passes, then a ballot shall be drafted and sent to all members who are then registered to vote in accordance with these Bylaws. Ballots must be returned within 40 days of being sent. A 2/3rds majority of returned ballots shall be necessary for passage.

Section D - Notice. Notice of the convention and major topics to be covered shall be published in the official publication of the League at least ninety (90) days prior to the opening of the convention, provided that any additional notice required by Missouri law shall also be provided.

Section E - Robert's Rules of Order. All other matters of convention procedure shall be governed by Robert's Rules of Order to the extent that they do not conflict with the Articles of Incorporation and Bylaws of the League. The Chairman of the Board may appoint a parliamentarian from the membership to serve for the convention.

Section F - Quorum. A quorum with respect to any matter shall constitute a majority of the members present in person at a convention or of those casting a ballot on such matter.

ARTICLE V – Miscellaneous

Section A - General Offices. The League shall maintain general offices or headquarters in St. Louis, Missouri, for the purpose of conducting its business.

Section B - Official Publication. The official publication of the League shall be *The Lutheran Layman*. All members of the League shall be entitled to receive the official publication.

Section C - Official Emblem. The emblem of the League shall be as follows: there shall be a field on which appears the initials "LLL." The center "L" shall be larger and colored red with a gold border. The other two "L"s shall be smaller and colored red. The field of white shall be enclosed by a circle of blue bordered on the inside and outside by

circles of gold. There shall appear in the blue circle the words “International Lutheran Laymen’s League” in gold lettering.

Section D - Resignation. Any individuals serving on the Board may resign by giving notice in writing to the Chairman, or in case of the resignation of the Chairman, to the Secretary.

Section E - Removal from Office. The members may remove one or more directors elected by them by mail-in ballot in accordance with Article III, Section F of these Bylaws and Section 355.266 of the Revised Statutes of Missouri. A director elected by the Board may be removed whenever in its judgment the best interests of the League will be served thereby by the vote of two-thirds of the directors then in office.

Section F - Proxy Vote Prohibited. Proxy votes shall not be recognized at any assemblies of the League, including conventions, conferences, and meetings of the Board and committees.

Section G - Indemnification. Each member on the Board and each member of a committee appointed by the Board, and every member of management staff shall be indemnified by the League against liabilities asserted against him and expense reasonably incurred by him in connection with any action, suit or proceeding to which he may be made a party by reason of his having been a member of the Board or one of its committees or on its staff (whether or not he is a member of the Board or one of its committees, or the staff at the time any such liability is asserted or expense incurred), except in relation to matters as to which he shall be finally adjudged in such action, suit or proceedings to be liable for gross negligence or misconduct in the performance of his duties. The foregoing right of indemnification shall include any action, suit, or proceeding which may be settled or compromised prior to final judgment.

ARTICLE VI – Amendments

Proposed amendments to these Bylaws shall be published in an issue of the official publication of the League preceding the balloting. Amendments to these Bylaws shall be adopted by a two- thirds majority of all ballots received from members of the League.

ENDS POLICIES

Ends policies describe the ends or desired outcomes of the organization. Ends policies, or desired outcomes policies, describe what results we are here to achieve, who the recipients will be, and the cost of those results. These policies do not address means, methods, activities, or specific programs. Every policy in this section must address either results, recipients, or cost. Ends policies reflect the never-ending work of the Board in determining what the organization will attempt to accomplish in the future.

1.0 Global Ends Policy

In fulfillment of the purpose outlined in the organization's Articles of Incorporation, the organization wants to see significant numbers of unchurched people coming to faith in Jesus and engaging with faith communities.

1.1 Results

The spiritual transformation we hope to see is indicated by reach, response, referral, and equipping.

1.1.1 Reach – Significant numbers of people listen to, read, or hear the gospel through one of our outreach programs, activities, or materials.

1.1.2 Response – Significant numbers of people intentionally provide contact information for follow-up.

1.1.3 Referral – Significant numbers of people are engaged in a Christian community.

1.1.4 Equipping – Significant numbers of Christians more effectively share the gospel with others.

1.2 Recipients

The ultimate recipients of our ministry are the unchurched, meaning nonbelievers, dechurched, and unreached, who are accessible through mass communications.

1.3 Cost

The organization will not hesitate to invest the money required to produce high quality mass communications products and services which generate the highest impact results.

GOVERNANCE PROCESS

Governance Process policies describe the standards of behavior for individual Board members and the Board as a group. These policies describe the way the Board operates. They clarify the governing style of the Board, Chairman's role, Board member conduct, Board member responsibilities, and the use of committees. If any Board process issue arises that is not specified by these policies, the Chairman should guide Board process. The Board represents and serves the members of the organization.

2.0 Global Governance Process Policy

The purpose of the Board is to see to it that Lutheran Hour Ministries (a) achieves appropriate results for appropriate persons for an appropriate cost (as specified in the Ends policies) and (b) avoids unacceptable actions and situations (as prohibited in Executive Limitations policies).

2.1 Board Governance Approach

The Board will govern lawfully, observing the principles of the Policy Governance model, with an emphasis on (a) outward vision rather than internal preoccupation, (b) encouragement of diversity in viewpoints, (c) strategic leadership more than administrative detail, (d) clear distinction of Board and chief executive roles, (e) collective rather than individual decisions, (f) future rather than past or present, and (g) proactivity rather than reactivity.

2.1.1 The Board will govern using written policies. The Board will maintain four types of policies: Ends Policies, Executive Limitations, Board-CEO Relationship, and Governance Process. Any Board member or committee can request a review of any policy.

2.1.2 The Board will annually review the Articles of Incorporation and Bylaws and bring any proposed amendments to the membership through the annual elections process.

2.1.3 The Board will appoint a Board member to serve as the "Director's Trustee" for representation on the Lutheran Hour Ministries Foundation Board of Trustees.

2.1.4 The Board will exercise particular concern for the spiritual, physical, and fiscal welfare of the CEO.

2.1.5 All Board members will serve as voting members of the organizational subcorporations.

2.1.6 All Board members will serve as voting members of the Lutheran Hour Ministries Foundation.

2.1.7 The Board speaks with one voice. This means that after a Board vote, all Board members will support the decision publicly.

2.2 Board Member Installation

The Board emphasizes that service on the Board is a significant ministry, therefore all newly elected and appointed Board members and a newly hired CEO will be officially installed by the Pastoral Advisor or his designee at the earliest opportunity.

2.3 Responsibilities of Board Members

The overall responsibility of the Board is to provide a strong, powerful, ethical, and spiritual pursuit of the organization's mission.

2.3.1 All Board members should be financially invested in the organization and use personal networks to introduce potential new major donors to the organization.

2.3.2 All Board members will be well-prepared for and fully engaged in Board meetings.

2.3.3 All Board members are expected to attend all meetings. In the case that a Board member is unable to attend a meeting, the Board member should inform the Chairman in advance.

2.3.4 Board members will refer all requests to bring greetings or address organizations to the CEO, who will determine representation.

2.3.5 Board members will relate to one another with integrity, honesty, straightforwardness, kindness, and love.

2.3.6 Board members will keep all Board deliberations confidential unless given permission by the Board.

2.4 Role of Chairman

The Chairman ensures the integrity of the Board's process and effectiveness of its meetings.

- information that is for neither monitoring performance nor Board decisions will be avoided or minimized and always noted as such; and
- deliberation will be fair, open, and thorough, but also timely, orderly, and kept to the point.

2.4.3 The Chairman will initiate counsel with any Board member who violates policy or is disruptive.

2.4.4 The Chairman will make decisions about the meeting process and take appropriate actions to assure the effectiveness of the meeting.

2.4.5 The Chairman will serve as an ex-officio member of all committees, except the Nominations Committee, and will have a vote.

2.4.6 The Chairman will be a Trustee of the Lutheran Hour Ministries Foundation and a member of its Executive Committee.

2.6.1 The Secretary will maintain the minutes of all meetings of the Board and see to it that copies of all such minutes are kept on file by the organization.

2.9.1 All Board members will annually sign the Code of Ethics and Conflict of Interest statement.

2.9.2 In the case of a conflict of interest, a Board member may recuse herself or himself from the Board session or may be excused from the session by the Board with a 2/3 vote of the Board, not including the member in question.

2.10 Board Committees

The Board has seven standing committees, and additional ad-hoc committees can be appointed as needed. Committees will be assigned to reinforce the wholeness of the Board's job and so as never to interfere with delegation from the Board to the CEO. All committee chairs report to the Board as a whole. Committees must keep minutes and submit them to the Secretary for the official Board records. Annually, the Chairman will recommend the names of the Committee Chairs and the members of each committee to the Board for their approval.

2.10.5 Compensation and Evaluation Committee: The purpose of the Compensation and Evaluation Committee is to conduct the annual performance appraisal of the

CEO and recommend the annual compensation and benefits package of the CEO for Board approval. In alignment with policy governance, the performance of the organization is identical to the performance of the CEO.

2.10.6 Nominations Committee: The purpose of the Nominations Committee is to deliver a recommended slate of candidates for open Board positions to the Board following the procedures outlined in the Bylaws, Article III, Section E, paragraphs 2 and 3 and to conduct the process of appointment of officers by the Board.

2.10.6.1 As the Nominations Committee builds a recommended slate of candidates for any open Board position, the following requirements will be in place in addition to those outlined in the bylaws (Bylaws, Article II, Section B and Article III, Section F, paragraph 2):

- The candidates, if elected, will remove themselves from any other elected voting office with the Int'l LL or LLL Canada, any subsidiaries or controlled entities thereof, and any districts, zones or other divisions thereof.
- Candidates are not personally employed by the Int'l LL or LLL-Canada, any subsidiaries or controlled entities thereof, or any districts, zones, or other division thereof, and are not immediate family members of employed staff thereof.
- Candidates are not ordained clergy.

2.10.7 Executive Committee: The purpose of the Executive Committee is to exercise the authority of the Board as needed between official meetings. The Executive Committee will consist of the Chairman, who will be the Chair of the Committee; the Vice-Chairman; the Secretary; and the Treasurer. The CEO will be a non-voting member.

2.10.8 Election Committee: The purpose of the Election Committee is to verify the process and results of the annual election, accept the election results on behalf of the Board, and reports the election results to the Board and membership. The Secretary will serve as the Chair of the Election Committee. The Chairman will appoint two additional Board members and the CEO will appoint two staff members to serve on the committee.

2.11 Hiring of CEO

In the case of a vacancy in the office of CEO, the Board will appoint a Search Committee. The Committee will consist of the Vice Chairman who will serve as Chair of the Search Committee; two other, non-officer members of the Board; and two members at large from the organization. The Search Committee will not fail to

- establish a set of criteria for the position, with special attention to the leadership needs under Aligned Governance and Operations;
- request from the Board the range of salary for the position of CEO recommended by the Compensation and Evaluation Committee;
- call for nominations from the organization, members of LCMS and LCC congregations;

- establish an effective interview and evaluation process;
- provide a list of recommended, qualified candidates to the Board;
- establish and facilitate the interview process for the list of candidates approved by the Board;
- present to the Board a summary of the interviews of each candidate and a recommendation for the preferred candidate for the position of CEO;
- request that the Compensation and Evaluation Committee recommends a salary based on the résumé of the selected candidate;
- request that the Chairman negotiate a salary with the selected candidate on behalf of the Board within the established salary parameters.

In the case of a vacancy in the office of the CEO, either by resignation or other reason by Board decision, the Board may appoint an Interim CEO. Any parameters on an Interim CEO not specified in this document will be communicated to the chosen Interim CEO in writing along with a copy of this Governance Policy Manual, the agreed upon compensation established by the Board, and any time constraints for the interim position before her or his tenure begins. Should service as the Interim CEO have an impact on an individual's eligibility for consideration as the full-time CEO, this must also be shared.

2.12 Called Workers

The Board will ensure that all Synodically rostered workers eligible for a Call will be issued non-tenured Calls.

2.12.1 The ministerial housing allowance for all ordained or commissioned ministers of the Gospel called or employed by Lutheran Hour Ministries will be 50% of their compensation, unless specifically otherwise established by the Board. This will be reviewed and approved at the fall Board meeting for the forthcoming calendar year.

2.13 Board Meetings

The Board will conduct no less than four meetings a year, including an annual meeting of the Board as required by Missouri law. The locations, dates, and format will be determined by the Board.

2.13.1 Notice of such meetings will be given at least ten days, but not more than sixty days, prior to the meeting. The meeting notice will state the time and place thereof and will be mailed, postage prepaid, or sent electronically to Board members at their physical address or e-mail address last recorded in records of the organization. In the event that the required notice cannot be accomplished for any reason, a Waiver of Notice, passed by a vote of at least two-thirds of the Board members, may provide for the meeting to proceed and for business to be transacted. The Waiver of Notice will be signed by the Board members and included in the official minutes of the meeting.

2.13.2 Special Meetings: Special meetings of the Board may be called by the Chairman as needed. Notice of such meetings will be given as indicated above.

2.13.3 Typical Board Agenda: The Board agenda will consist of the following:

- Welcome
- Devotion
- Chairman's Comments
- Consent Agenda (including approval of the agenda, minutes, and routine actions)
- Board Business
- Committee Reports
- CEO Report
- Executive Sessions
- Board Calendar Items
- Other Board Actions
- Board Self-Evaluation
- Adjournment

2.13.4 Consent Agenda: The Board will use a consent agenda for items requiring Board approval for which no discussion or changes are needed. A request by a single member of the Board automatically moves the item off the consent agenda. Items listed on the consent agenda will be declared approved by the Chairman after Board members have been given an opportunity to move an item off the consent agenda.

2.13.5 Only members of the Board, presenters, Synodical liaisons, and invited guests will be seated at the Board table. Only those non-members of the Board recognized by the Chairman will have speaking privileges.

2.15 Cost of Governance

Because poor governance costs more than learning to govern well, the Board will invest in governance training and education. This includes educational experiences, consultants, and training resources.

2.16 Conventions

Acknowledging unresolved contradictions related to conventions in the Articles of Incorporation and Bylaws, the CEO will designate one major organizational event to serve as the required biennial convention. No voting or official business will be conducted in convention.

2.17 Annual Contribution

The annual contribution to the organization that is required of members by the Bylaws is demonstrated by a voluntary contribution given within the past eighteen months.

BOARD-CEO RELATIONSHIP

Board-CEO Relationship policies address how the Board and CEO relate to each other. In general, the Board speaks with one voice and all Board authority is delegated through the CEO. This means the CEO reports to the Board as a whole, not to individual Board members, officers of the organization, or Board committees. This also means the Board works only with the CEO and does not direct the work of staff.

3.0 Global Board-CEO Relationship Policy

The Board's sole official connection to the operational organization, its achievements, and conduct will be through a chief executive officer, titled President & CEO.

3.1 Unity of Control

Only officially passed motions of the Board are binding on the CEO.

3.1.1 Decisions or instructions of individual Board members, officers, or committees are not binding on the CEO except in rare instances when the Board has specifically authorized such exercises of authority.

3.1.2 In the case of Board members or committees requesting information or assistance without Board authorization, the CEO can refuse such requests that require, in the CEO's opinion, a material amount of staff time, funds, or are disruptive.

3.2 Accountability of the CEO

The CEO is the Board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the Board is concerned, is considered the authority and accountability of the CEO.

3.2.1 The Board will never give instructions to persons who report directly or indirectly to the CEO.

3.2.2 The Board will not evaluate, either formally or informally, any staff other than the CEO.

3.2.3 The Board will view CEO performance as identical to organizational performance so that organizational accomplishment of Board-stated Ends policies and avoidance of Board-proscribed means will be viewed as successful CEO performance.

3.3 Delegation to the CEO

The Board will instruct the CEO through written policies that prescribe the organizational Ends policies to be achieved and proscribe organizational situations and actions to be avoided, allowing the CEO to use any reasonable interpretation of these policies.

3.3.1 The Board will develop policies instructing the CEO to achieve specific results, for specific recipients, at a specific cost. These policies will be developed systematically from the broadest, most general level to more defined levels and will

be called Ends policies. All issues that are not Ends issues are defined here as means issues.

3.3.2 The Board will develop policies that limit the latitude the CEO may exercise in choosing the organizational means. These limiting policies will describe those practices, activities, decisions, and circumstances that would be unacceptable to the Board even if they were to be effective. Policies will be developed systematically from the broadest, most general level to more defined levels, and they will be called Executive Limitations policies. The Board will never prescribe organizational means delegated to the CEO.

3.3.3 As long as the CEO uses any reasonable interpretation of the Board's Ends and Executive Limitations policies, the CEO is authorized to establish all further policies, make all decisions, take all actions, establish all practices, and pursue all activities. Such decisions of the CEO will have full force and authority as if decided by the Board.

3.3.4 The Board may change its Ends and Executive Limitations policies, thereby shifting the boundary between Board and CEO domains. By doing so, the Board changes the latitude of choice given to the CEO. But as long as any particular delegation is in place, the Board will respect and support the CEO's choices.

3.4 Monitoring CEO Performance

Systematic and rigorous monitoring of CEO job performance will be solely against the only CEO expected job outputs: organizational accomplishments of Board policies on Ends and organizational operations within the boundaries established in Board policies on Executive Limitations.

3.4.1 Monitoring is simply to determine the degree to which broad policies are being met. Information that does not do this will not be considered to be monitoring information.

3.4.2 The Board will acquire monitoring information by internal report, in which the CEO discloses interpretations and compliance information to the Board, by external report, in which a disinterested third party is selected by the Board to assess compliance, or by direct Board inspection, in which designated members of the Board assess compliance with appropriate policy criteria.

3.4.3 In every case, the Board will judge the reasonableness of the CEO's interpretation and whether data demonstrate accomplishment of the interpretation.

3.4.4 The standard of compliance will be any reasonable CEO interpretation of the Board policy being monitored. The Board is the final arbiter of reasonableness, but will always judge with a reasonable person test rather than within interpretation favored by Board members or by the Board as a whole.

3.4.5 All policies that instruct the CEO will be monitored at a frequency and by a method chosen by the Board. The Board can monitor any policy at any time by any method, but will ordinarily depend on a routine schedule:

Policy	Method	Frequency
Ministry Results	Internal	Quarterly
Constituency Satisfaction	Internal	Annually
Financial Planning	Internal	Annually
Financial Condition	Internal	Monthly
Financial Audit	External	Annually
Treatment of Staff	Internal	Annually
Compensation and Benefits	Internal External	Annually Every three years
CEO Succession Plan	Internal	Annually

3.4.6 For the purposes of Board monitoring, the Chairman and two Board members will join the CEO on one of his monitoring trips to an international ministry field each year. They will report back to the Board on their experience and findings at the next Board meeting following their trip. Expenses for the Board members are covered by the ministry. The spouses of the Board members may participate in the trip at their own expense.

3.5 Exceeding Executive Limitations

The CEO will monitor, inform, correct, and develop preventative systems for exceeding limitations. In the event that an Executive Limitation is exceeded, the CEO will give notice to the Board in a timely fashion. The CEO will report action taken or a plan for correction. The Board will review any Executive Limitation policy that has been exceeded for its soundness as a test of ethical and prudent behavior.

EXECUTIVE LIMITATIONS

Executive Limitations policies address staff means—what the CEO and staff may and may not do. They define the out-of-bounds lines. These policies communicate what behaviors, methods, and practices are acceptable and not acceptable. Unless restricted by the policies, all other reasonable actions are considered acceptable. This approach empowers the staff from needing to delay action until the Board can approve each new initiative. It also allows the Board to responsibly minimize involvement in the details of day-to-day operations. These policies are addressed to the CEO rather than the entire staff. The CEO is held accountable that all staff actions fall within the boundaries established by these policies.

4.0 Global Executive Limitations Policy

The CEO will not cause or allow any organizational practice, activity, decision, or circumstance that is either unlawful, imprudent, or inconsistent with commonly accepted Christian, business, and professional ethics and practices.

4.1 Ministry Guidelines

The CEO will not fail to operate the organization without consideration of ministry best practices and the highest standards of missiological practice.

4.1.1 The CEO will not endanger the organization's public image or credibility, particularly in ways that would hinder the accomplishment of its mission.

4.2 Strategic Planning

The CEO will not fail to operate without a multi-year strategic plan reported to and accepted by the Board.

4.3 Treatment of Staff

The CEO will not fail to have and enforce adequate personnel policies providing information on treatment of staff as well as outlining appropriate behavior of staff.

4.3.1 Employee Policies: The CEO will not operate without a written employee handbook, which includes an effective grievance procedure. The handbook will be initially reviewed by a human resource professional or legal counsel, reviewed internally or externally annually, and made readily accessible to the staff.

4.3.2 Whistleblower Policy: The CEO will not fail to implement and communicate to all staff a Whistleblower Policy to report to appropriate higher authority within the organization any illegal or unethical conduct within the organization.

4.3.3 Performance Reviews: The CEO will not fail to ensure that all full-time employees receive a performance review at least annually.

4.3.4 Conflict of Interest: The CEO will not fail to establish a written Conflict of Interest Policy for the staff.

4.4 Compensation and Benefits

With respect to employment, compensation, and benefits to employees, consultants, contract workers, and volunteers, the CEO will not cause or allow jeopardy to financial

integrity or to the public image of the organization. The CEO will not fail to review policies related to wages, salaries, employee benefits, and working conditions.

4.4.1 CEO Compensation: The CEO will not change his or her own compensation and benefits from the amount and types as determined by the Board.

4.4.2 Honorariums: The CEO will not fail to have detailed policies regarding the acceptance of honorariums and personal gifts by staff.

4.5 Financial Planning/Budgeting

The CEO will not fail to develop an annual budget for consideration and approval by the Board. The CEO will not cause or allow financial planning for any fiscal year or remaining part of any fiscal year to deviate materially from the Board's Ends Policies (replacing priorities) or risk financial jeopardy to the organization.

4.5.1 The CEO will not allow expenditure variance that exceeds 2.5% of the actual operating expense net of gifts in-kind.

4.5.2 The CEO will not fail to provide monthly financial reports to the Board.

4.6 Reimbursements

The CEO will not fail to abide by organizational guidelines for business expense reimbursement. The Board wants to affirm Christian family oriented attitudes, values, and lifestyles through the inclusion of the CEO's spouse in business travel and events. These expenses, deemed by the CEO as fulfilling a bona fide business purpose, shall be reimbursed. These expenses are not considered taxable income. Annually, spousal international trips are limited to one and domestic trips are limited to two, unless otherwise approved by the Board.

4.7 Financial Condition

The CEO will not cause or allow the development of financial jeopardy or material deviation of actual expenditures from Board priorities established in Ends policies.

4.7.1 The CEO will not allow the organization to carry short-term debt for longer than twelve consecutive months without Board approval.

4.7.2 The CEO will not allow any short-term financial cash management that puts the assets of the organization at unnecessary risk. The CEO will not fail to use the Lutheran Hour Ministries Foundation for all long-term investments.

4.7.3 In reporting financial activities and position, the CEO will not allow deviation from generally accepted accounting principles (GAAP).

4.7.4 The CEO will not fail to build and maintain an operating reserve equal to 25% of the previous fiscal year's actual ministries operating expense net of gifts in-kind.

4.8 Asset Protection

The CEO will not cause or allow corporate assets to be unprotected, inadequately maintained, or unnecessarily risked.

4.8.1 The CEO will not fail to maintain property, casualty, and theft insurance to at least 80% replacement value of organizational property and will not fail to maintain adequate insurance covering potential liability to Board members, staff, and the organization and its entities in amounts comparable to similar organizations.

4.8.2 The CEO will not subject the offices, grounds, and equipment to improper wear and tear or insufficient maintenance.

4.8.3 The CEO will not fail to protect intellectual property, information, and files from loss or significant damage.

4.8.4 The CEO will not fail to operate without a crisis management plan.

4.9 CEO Succession

To protect the organization, the CEO will not fail to plan for effective emergency and long term succession planning.

4.9.1 The CEO will not fail to identify to the Board on an annual basis and to prepare one or more internal executives to take over as a temporary or interim CEO should such an unforeseen situation arise.

4.9.2 The CEO will not fail to create a development plan for one or more internal executives as part of the organization's long term CEO succession planning process. Said development plan(s) including the identified executive(s) will be shared with and reported on to the Board on an annual basis.

4.10 Communication and Support to the Board

The CEO will not cause or allow the Board to be uninformed or unsupported in its work.

4.10.1 The CEO will not fail to provide Board-specified reports at least two weeks prior to the scheduled Board meetings.

4.10.2 The CEO will not allow the Board to be unaware of relevant trends or threats that impact organizational ends, anticipated adverse media coverage, and potential lawsuits against the organization.

4.11 Gifts and Bequests

The CEO will not fail to operate without a gift acceptance policy. The CEO will not allow the organization to accept gifts and bequests that are overly restrictive or counterproductive to organizational Ends policies.

Appendix C – Code of Ethics and Conflict of Interest Policy

This appendix contains the Code of Ethics and Conflict of Interest statements with which Board members agree to comply. This appendix is the responsibility of the Board. Updated July 23, 2010.

Code of Ethics

Approved by Board July 23, 2010

The International Lutheran Laymen's League (Int'l LLL) Board of Directors adopts this Code of Ethics on behalf of the Members and donors of the Int'l LLL to guide the conduct of the Int'l LLL's Board of Directors, employees and volunteer leaders.

In our various capacities as volunteers, staff or elected leaders, we work together to serve our Lord in *Bringing Christ to the Nations—and the Nations to the Church*.

These roles demand a high standard of integrity, trust and stewardship. The Board of Directors, staff and volunteer leaders will strive to be aware of the consequences of their actions.

Our service must reflect compliance with the law and the highest standards of professional knowledge, conduct, care and respect for each individual served.

There will be times when the choice of conduct is not clear. When faced by an unclear choice, ask yourself this question: *"If my actions were to be published, would Int'l LLL supporters agree that the best interests of all were served?"* If the choice is still not clear, ask for guidance from your supervisor, other Int'l LLL officers or pastoral advisors and take it to the Lord in prayer.

Responsibilities shall be conducted in a manner consistent with Scriptures and the Lutheran Confessions. *(For those employees not familiar with the Lutheran Confessions, Scripture should be used to interpret the expected conduct.)*

Conflict of Interest

Approved by Board October 21, 2016

The term "conflict of interest" describes any circumstance that would cast doubt on a director's, officer's, volunteer leader's or staff member's ability to act with total objectivity with regard to International Lutheran Laymen's League (Int'l LLL) interests.

The Int'l LLL is fully committed to conducting its responsibilities in a manner reflecting the highest degree of integrity and honesty. The success of the Int'l LLL in conducting its affairs is the sum effort of each individual Board and committee member, officer and staff person in executing his or her responsibilities with good judgment and in an ethical manner.

Activities shall not be entered into which may be detrimental to the interests of the Int'l LLL and its subsidiaries.

Information acquired in the course of carrying out Int'l LLL duties shall not be used in any way that would be detrimental to the welfare of the Int'l LLL and its subsidiaries.

No staff member or officer of the Int'l LLL or its subsidiaries shall vote on any transaction in which the individual shall receive a direct or indirect financial gain.

A staff member is not to use their position for personal gain beyond the compensation and benefits paid by the Int'l LLL.

Every board member shall disclose to the Chairman of the Board of Directors and all officers and staff shall disclose to the President and CEO any potential conflicts of interest. The Chairman or President and CEO shall disclose personal potential conflicts of interest to the Board of Directors.

Such disclosures shall include board membership on, a substantial interest in, or employment of the individual or a relative by any organization doing business with the Int'l LLL.

Every board member, officer, and all staff of the Int'l LLL who receive honoraria or payments for any sales or services rendered to Int'l LLL shall disclose such information.

All such disclosures by directors or officers shall be reported to the Board of Directors to determine by a vote of its remaining impartial members whether an inappropriate interest exists, and such vote shall be recorded in its official minutes. In the case of staff, all such disclosures shall be reported to the President and CEO of the Int'l LLL to determine whether an inappropriate interest exists.

Gifts, gift certificates, cash payments, extravagant entertainment, free services or loans from anyone doing business with the Int'l LLL may constitute a conflict of interest. Exceptions are advertiser's novelty gifts of nominal value (less than \$25), occasional meals and infrequent entertainment which are customary and proper and do not place the recipient under obligation.

Activity deemed inappropriate under this policy will be discussed with the party involved. Such activity shall cease or the position will be vacated.

Responsibilities shall be conducted in a manner reflecting the highest degree of integrity and honesty consistent with the Int'l LLL Governance Policy Manual, the Int'l LLL's Personnel Policy and Procedures Manual and civil laws.

Analysis

The Board must pursue decisions based on accurate and complete information and clearly identify the information or data necessary in its decision-making process. Complex variables must be analyzed for decision-making and problem solving. The Board must act with discernment, as it may apply to legal and regulatory matters, being able to grasp and comprehend that which is obscure.

Innovation

A changing world demands the Board look at the organization and its strategic direction in new and innovative ways. The Board must be capable of generating fresh ideas and remaining open to new ways of organizing the Int'l LLL to carry out its timeless mission of *Bringing Christ to the Nations—and the Nations to the Church*.

Appendix F – Audit Committee

This appendix outlines the processes by which the Audit Committee fulfills the responsibilities that are assigned to it. The committee is responsible for this appendix and should send all updated versions to the Secretary.

Committee Responsibilities

The committee recommends to the full Board the selection and approval of the independent auditor; reviews the arrangements for, and scope of, the audit; and ensures the completeness and accuracy of the financial records in accordance with Generally Accepted Accounting Principles (GAAP).

The committee reviews the audited financial statements and considers the comments from the independent auditor including those with respect to weaknesses in internal accounting control and the consideration given to such comments, or corrective action, taken by management.

The committee evaluates and accepts the annual audited financial statements by external independent auditors, and reports the same to the Board.

The committee discusses matters that are of concern to the committee, the auditor, and/or staff relating to legal or ethical concerns, the organization's financial statements, or other results of the audit.

The committee reviews any non-audit services provided by auditors as part of independent evaluation.

The committee considers the audit committee's function, if any, pertaining to oversight of policies/procedures associated with corporate compliance and conflict of interest.

In reviewing the independent annual audit, the committee ensures that:

- internal accounting procedures and controls are appropriate;
- the CEO's implementation of corrective action plans in response to internal control issues, comments, and noted deficiencies is acceptable;
- procedures for confidential, anonymous submission of employee concerns regarding questionable accounting or auditing matters are in place;

Committee Responsibilities

The committee develops and recommends policies and accountability procedures to the Board to safeguard the organization's assets.

The committee ensures that the annual budget is consistent with the Ends policies.

Appendix H – Compensation and Evaluation Committee

This appendix outlines the processes by which the Compensation and Evaluation Committee fulfills the responsibilities that are assigned to it. The committee is responsible for this appendix and should send all updated versions to the Secretary.

CEO Performance Review Form

Every board should provide performance feedback to their CEO. This is usually done through an annual review. Because the CEO is responsible for the organization as a whole, the personal performance of the CEO should be considered identical to the performance of the organization. In other words, if the organization is successfully achieving its goals then the CEO is also considered to be successful. If the organization is under-performing, so is the CEO.

In what areas or ways has the CEO excelled this year?

What unforeseen challenges has the CEO experienced this year?

What were the strategic goals or strategic initiatives for the organization this year and how well did the CEO do in accomplishing each?

- 5 = Exceeded goal
- 4 = Fully achieved goal
- 3 = Partially achieved goal
- 2 = Made a good effort
- 1 = Little or no effort

Strategic goal for the organization	Description of result	Rating

How well did the CEO do in making progress on the organizational ends as stated in our Ends policies?

Did the CEO exceed any of the Executive Limitations policies? If so, was the problem corrected or was the policy adjusted?

What is the CEO's plan for professional development experiences during the next 12 months?

Chief Executive Compensation Policy

Section 1. Process for Board Approval of Compensation

The President & CEO (the “CEO”) of Lutheran Hour Ministries (the “Organization”) is the principal representative of the Organization, and the person responsible for the efficient operation of the Organization. Therefore, it is the desire of the Nonprofit to provide a fair yet reasonable and not excessive compensation for the CEO. The annual process for determining compensation is as follows:

- a) Annual evaluation
- b) Use comparability data
- c) Document the process

These elements are more fully discussed below.

Section 2. Evaluation

The Organization's Compensation & Evaluation Committee (the “Committee”) shall annually evaluate the CEO on his/her performance, and ask for his/her input on matters of performance and compensation.

Section 3. Board Approval

The Committee will obtain research and information to make a recommendation to the full Board of Directors (the “Board”) for the compensation (salary and benefits) of the CEO based on a review of comparability data. For example, the Compensation & Evaluation Committee will secure data that documents compensation levels and benefits for similarly qualified individuals in comparable positions at similar organizations. This data may include the following:

1. Salary and benefit compensation studies by independent sources (ie. Charity Navigator);
2. Written job offers for positions at similar organizations;
3. Documented telephone calls about similar positions at both nonprofit and for profit organizations; and
4. Information obtained from the IRS Form 990 filings of similar organizations.

Section 4. Concurrent Documentation

To approve the compensation for the CEO, the Board (through the Committee) must document how it reached its decisions, including the data on which it relied, in minutes of the Committee meeting during which the recommended compensation was approved. Documentation will include:

- a) A description of the compensation and benefits and the date it was approved;
- b) The members of the Committee who were present during the discussion about compensation and benefits, and the results of the vote;
- c) A description of the comparability data relied upon and how the data was obtained; and
- d) Any actions taken (such as abstaining from discussion and vote) with respect to consideration of the compensation by anyone who is otherwise a member of the

Committee but who had a conflict of interest with respect to the decision on the compensation and benefits.

Appendix I – Fund Development Committee

This appendix outlines the processes by which the Fund Development Committee fulfills the responsibilities that are assigned to it. The committee is responsible for this appendix and should send all updated versions to the Secretary.

Intentionally left blank. Fund Development Committee needs to determine what belongs in this appendix.

Appendix J –Nominations Committee

This appendix outlines the processes by which the Nominations Committee fulfills the responsibilities that are assigned to it. The committee is responsible for this appendix and should send all updated versions to the Secretary.

Committee Responsibilities

Sitting Board members who are up for the next election will not be appointed to serve on the Nominations Committee.

The committee will be assisted by appropriate staff members appointed by the CEO as non-voting members.

The committee should continually seek to identify, recruit, cultivate, and qualify men and women who may serve as Board members.

The committee will work to screen, select, and submit the best slate of potential candidates to the Board for approval.

The committee will maintain a list of people as nominees that it will cultivate and qualify for future service to the organization.

The committee is required to follow all Board-approved policies and specified criteria in seeking the best-qualified persons for the various positions within the organization.

Nominee Guidelines

In reviewing nominees, the committee will follow these current guidelines, and any others identified by the Board:

- The Board seeks diversity in skills, experiences, geography, ethnicity and gender of all nominees.
- The committee will take into consideration the current composition of the Board in determining its recommended slate.
- Candidates must:
 - meet the definition of “members” outlined in the Bylaws.
 - be at least eighteen years of age;
 - not be personally employed by the organization and may not be immediate family members of employed staff of the organization.
 - not be ordained clergy.
 - be good communicators.
 - be visionary.
 - effectively represent the concerns of the Membership.
 - be willing to remove themselves from any other elected, voting office in an LLL district or zone.
 - understand and support the basic concepts of policy governance;
 - be willing and able to support the strategic direction of the organization;

- be willing and able to accept the Board Governance Approach and Responsibilities of Board members as delineated in Policies 4.1 and 4.3.
- In addition, candidates should:
 - regularly participate in the worship and educational life of their congregations.
 - undertake personal spiritual disciplines for the development of their own faith lives.

Nominations Procedure

The committee will solicit and receive the names of prospective candidates from the Board, any member of the organization, or any member of the LCMS or LCC and their partner churches. When calling for nominations, the committee will use the best available communications media to inform the membership of the organization, LCMS, LCC, and beyond, of responsibilities of the Board, the criteria for selection and nominating process. The committee will also make available a Nomination Form.

Anyone choosing to nominate an individual must submit a completed Nomination Form for that person to the committee. All nominations submitted to the committee should be identified as to the source of the nomination, whether it is from an individual or an LHM Affiliated Group. A statement of qualifications is required for all nominees for the Board or officer positions and may be provided by either the nominator or the nominee.

Nominations must be received by November 1 of each year. Upon receipt of a nomination through the organization's headquarters, the committee through the staff will verify the eligibility of the nominee and the nominee's willingness to serve if elected.

Nominees are to submit a recent photograph and express their agreement to fully support the Board's guiding documents. This information must be returned by the date requested for a nominee to be considered. The committee will then use this information in an earnest effort to select the best-qualified nominees.

The committee will evaluate all information provided for each nominee, solicit additional information as necessary and develop a recommended slate of "qualified" candidates to fill the upcoming vacancies. There will be at least two more nominees than there are open positions.

At the first regular Board meeting that occurs after January 1st of each year, the committee will provide the Board with the recommended slate of nominees for approval by the full Board.

The committee will notify all candidates who will be on the ballot.

The slate of candidates will be published in the March edition of the official Int'l LLL publication before the election to allow the opportunity for a petition candidate to be included on the ballot.

A petition candidate will be added to the slate of candidates provided the petition is delivered to the Chair of the committee no later than April 5th and contains verified signatures of at least 300 members, including their addresses. The petition candidate must meet the same qualifications and provide the same verification of intent as described above.

The final ballot will be completed no later than April 15th prior to the date of the election and is governed by the election process.

Election Timeline

LHM Nominations for Officers of the Board

The Chair of the Nominations Committee will take responsibility for the process of nominations for board officers.

Nominations for all officer positions will be requested in advance of the first board meeting after the annual elections to the board (typically held in May of each year). The Nomination Chair will request that board members submit nominations, in writing, for the following positions:

Chairman
Vice Chairman
Secretary
Treasurer
Foundation Board Representative

Prior to the start of the first board meeting after the annual elections to the board (typically held in August), the Nominations Committee Chair will submit the list of nominees for Chairman to the Vice Chairman. The Vice Chairman will preside over the voting for Chairman, unless he is included in the list of nominees for Chairman, in which case the duty will fall to the Secretary.

The presider will:

1. Announce nominees submitted in advance,
2. Ask for nominations from the floor (which could likely include the unsuccessful candidates for higher level position(s), if not already nominated in advance),
3. Request that all candidates accept the nomination and be willing to serve (Candidates dealing nomination will be removed from consideration for that position.),
4. Conduct the vote by secret ballot (unless only one candidate is nominated, in which case a voice vote of acclamation may be entertained). Votes will be counted by staff.
5. Announce results of the vote (The position will be awarded to the candidate receiving a majority of the votes.),
6. If there are three or more nominees and no one achieves a majority, conduct a re-vote considering only the top two vote-getters. (Re-voting will be conducted until one candidate achieves a majority, at which time that candidate is appointed to the position.)

After a Chairman has been appointed, he will preside over the remaining votes, following the process 1 through 6 outlined above for each of the remaining positions.

Appendix K – Election Committee

This appendix outlines the processes by which the Election Committee fulfills the responsibilities that are assigned to it. The committee is responsible for this appendix and should send all updated versions to the Secretary.

Committee Responsibilities

The Secretary will serve as the Chair of the Election Committee. The Chairman will appoint two additional Board members who are not up for re-election and the CEO will appoint two staff members to serve on the committee. This committee will have the responsibility to go through the materials and reports submitted to LHM by the company selected to handle the voting. The committee will, on behalf of the Board, verify the results of the vote and move for acceptance of the results. The Chair of the committee will give the results in writing to the Chairman.

The Chairman will notify all candidates prior to any public release of the results of the election.

Election Process

The Int'l LLL will conduct an annual organization-wide election to elect Board members. All members of the organization will be notified of the election and eligible members as described in the bylaws will be entitled to vote for the members of the Board. The name, address and identification number of the member will be the means used to determine eligibility and verification of their ballot to the membership list of the organization. Each vote cast will be counted as one vote.

The slate of candidates will be published in the official Int'l LLL publication and on the organizational website not less than six days in advance of the election as notice to the membership of the election.

When presenting the slate of candidates to the Organization, the Nominations Committee will include the following:

- The list of criteria used to qualify candidates.
- Information regarding each candidate which addresses the qualifying criteria.
- Procedures for the election process.

The Membership will elect only individuals who have been deemed qualified by the Nominations Committee.

The votes for the election may be cast as follows:

- A paper or online ballot delivered to each registered voting Member based on his or her preferred voting method and then returned by the Member before the balloting deadline to the company selected by LHM to handle the voting.
- Other means in compliance with Missouri State Law which are determined by the Board and publicized to the Membership.

The election will be conducted each year, beginning on April 15th and concluding on May 15th.

Appendix L – Board Expense Reimbursement Guidelines

This appendix contains the guidelines which apply to the reimbursement of Board-related expenses. This appendix is the responsibility of the Board. Approved July 16, 2015.

1. Introduction

The guidelines stated in this document are applicable to all who travel for the Board. Reimbursement will be made for all scheduled Int'l LLL Board meetings. Any additional travel must be authorized in writing by the CEO prior to expenditures.

1.1 Approval Authority

The CEO will review submitted expenses for compliance with these guidelines and approve them on that basis. Approval indicates that the expenses are deemed to be within the reimbursement guidelines and the published U.S. IRS Mileage Rate.

The individual traveling is ultimately responsible for determining what is a necessary Int'l LLL business expense and what is in keeping with good stewardship practices. Board members are asked to make expense decisions that reflect good stewardship without putting unreasonable strain on their own time and/or health.

The following are not normally reimbursable:

- Optional Travel Insurance/Trip Protection
- Airline Travel Lounge Memberships
- Limousine Service

1.2 Expense Reimbursement Process

All expenses are to be submitted to LHM on the form provided by the office of the CEO. Receipts are required for each separate expense of \$25 or more. Copies of receipts are acceptable, as long as they are legible and clearly unaltered. Expense forms and receipts may be submitted digitally or in hard copy.

Expenses must be submitted within 90 days following the conclusion of the trip.

1.3 Exceptions to Guidelines

Requests for exceptions to or interpretations of these guidelines should be submitted in writing to the office of the CEO prior to incurring the expense. In the event that the individual and the CEO should not reach an agreement about the approval of an exception, the situation will be directed to the Chairman for resolution.

1.4 Any expenses paid by LHM for the spouses of Board members is to be considered taxable income unless it has been deemed by the CEO as a bona fide business purpose.

2. Domestic Travel Guidelines (includes travel in the U.S. and Canada)

2.1 Air Travel

2.1.1. Ticket Purchases: Tickets should be the least expensive, reasonable coach accommodations available. When possible, tickets should be purchased at least three weeks in advance in order to avoid rate increases.

2.1.2. Points and Frequent Flyer Miles: Travelers are permitted to keep all frequent flyer bonuses earned while traveling on Int'l LLL business.

2.2. Automobile Travel

2.2.1. Personal Cars: Generally, automobile travel is not encouraged for destinations greater than 200 miles. Exceptions to this would include:

- Multiple reimbursable people will be traveling together.
- Driving will take time equal to or less than flying would.
- Extensive local business travel is required in the destination, and the cost of using one's personal car is less than the cost of airfare and car rental.

If none of the above exceptions qualify and the individual still chooses to drive, he or she will be reimbursed for mileage at the current IRS mileage rate. The maximum mileage reimbursement will be limited to the average airfare between the two destinations based upon prevailing advance purchase airfare rates. Lodging and meals will be reimbursed to the extent that they would be required if the individual traveled by air.

2.2.2. Personal Liability Coverage: Travelers using their personal cars on Board business are required to carry personal liability and property damage insurance coverage.

In the event that a car rental is preapproved by the CEO, LHM's NOHA coverage will be the primary insurance for the rental.

2.2.3. Ground Transportation in Destination: Travelers are expected to use the arranged ground transportation provided by LHM.

2.3. Lodging

Board members are expected to stay at the LHM designated hotel. Other accommodations will not be reimbursed.

2.4. Meals

If a reimbursed meal includes multiple diners, all diners' names should be indicated on the submitted receipt and/or expense form.

2.5. Alcohol

It is the general policy for LHM staff that under normal circumstances, alcohol is not reimbursed. It is understood that there are permissible exceptions to this policy, especially when hosting guests.

3. International Board Monitoring Trip Guidelines

For international Board monitoring trips, LHM staff will directly purchase all normally incurred expenses (including but not limited to airfare, lodging, meals, and visa fees) on behalf of the Board members. Reimbursable expenses that LHM is not able to purchase on behalf of the traveler should be minimal but could include required immunizations and domestic travel expenses as outlined in Guideline 2.

Since LHM will pay directly for the majority of expenses related to international Board monitoring trips, additional major expenses should be preapproved by the & CEO.

Appendix M – Board Monitoring Trip Guidelines

This appendix contains the guidelines that apply to the Board's annual monitoring of LHM's international work. This appendix is the responsibility of the Board.

1. Introduction

Board policy states: “For the purposes of Board monitoring, the Chairman, his spouse, and two Board members will join the CEO on one of his monitoring trips to an international ministry field each year. They will report back to the Board on their experience and findings at the next Board meeting following their trip. The travel expenses for the spouse of the Chairman will be reimbursable. The spouses of the additional Board members may participate in the trip at their own expense.” The following guidelines are designed to provide clarity and purpose to Board members in conducting these visits.

2. Purpose of Board Monitoring Trips

International Board monitoring trips are intended:

- To allow Board members to fulfill their monitoring duties by directly visiting and learning about the Int'l LLL's international work;
- To further equip Board members to become advocates for the organization by providing firsthand knowledge and understanding of the Int'l LLL's international work;
- To provide objective verification that the Int'l LLL's international work is aligned with the Int'l LLL's Ends policies; and
- To provide Board members direct opportunity to witness and participate in the Int'l LLL's mission.

3. Board Monitoring Trip Preparation and Logistics

For reasons of logistics and expertise, the Board entrusts the CEO with recommending and coordinating monitoring trip locations, itinerary, and arrangements.

3.1 Selection of Monitoring Trip Sites and Schedules

When planning international travel for the upcoming year, the CEO will identify one existing trip that will also serve as the Board monitoring trip. The proposed itinerary will be presented to the Board at its July meeting, so that the Board can identify which Board members will participate in the upcoming year's trip. The CEO will report on considerations that Board members may find helpful in discerning who should attend, including:

- Strategic ministry rationale for selecting the proposed locations;
- Security considerations;
- Logistical considerations regarding travel, physical demands associated with ministry sites, etc.; and
- Schedules and time allowed for the visit.

3.2 Communications

The CEO may appoint staff person(s) to manage all preparatory communications with participating Board members.

3.3 Training and Orientation

Prior to each monitoring trip, Int'l LLL staff will provide participating Board members with information on the ministry sites to be visited, as well as information on safety/security considerations and specific cultural, political, or religious issues for the areas to be visited. It is the responsibility of the Board member to familiarize himself or herself with this information. Participating spouses are also encouraged to engage with all training and orientation materials. Board members are expected to communicate in advance any medical needs or considerations that will need to be made.

Participating Board members and spouses will participate in up to four preparatory teleconference sessions with staff in the months leading up to the trip.

3.4 Staff Participation

The CEO will select staff members relevant to the areas visited to join Board members on the monitoring trip.

3.5 Spouse Expenses

With the exception of the Chairman's spouse, whose expenses are reimbursable per Board policy, each Board member will be responsible for his or her spouse's expenses. Int'l LLL staff will coordinate and purchase many spouse expenses, including airfare and visas, in advance and confer with the Board member upon return, to arrange reimbursement to the Int'l LLL of those expenses.

4. What to Monitor

Board monitoring trips are not designed or intended to conduct technical reviews, audits, or evaluations of specific projects, office functions, or strategies. Rather, they are intended to impart a greater sense of clarity that the work, and the method of work, is in keeping with the organization's strategic direction, driven by the Ends policies.

4.1 Strategic Connections

Staff should be able to describe how the work or activity monitored clearly relates to an organizational strategy, how it contributes to the organization's mission, and ultimately contributes to achieving the Ends policies. Questions to consider include:

- How do the programs monitored specifically contribute to the success of the organization?
- Are there any activities, or any communications, references, or images that are not consistent with the organization's strategy or Ends policies?

4.2 Perception of the Organization

Questions to consider include:

- How is the ministry center perceived by other local organizations, including peer organizations, local churches, and partner organizations?
- What do local parties say about how the organization lives out its values? What do the stakeholders say about how a specific program, project, or activity is consistent with the organization's strategy, and how relevant that strategy is to the organization's mission and vision?

- How do the local people served by the ministry center perceive the organization?

4.3 Other Items to Monitor

The team of participating Board members may wish to consult with other Board members to identify themes of particular interest for a specific monitoring visit.

4.4 Adverse Findings

Any adverse findings should be immediately shared with the CEO while on site to allow for the opportunity to supply added clarity or context.

5.0 Follow-Up and Reporting

Follow-up and reporting measures are intended to help participating Board members process their experience and convey the knowledge obtained to the rest of the Board.

5.1 Staff Debriefing

All participating Board members and spouses are expected to participate in a debriefing teleconference session led by staff.

5.2 Reporting to the Board

Participating Board members will report to the Board on their findings at the first Board meeting following the monitoring trip.

Appendix N – Organizational Strategic Direction

This appendix outlines the means by which the organization fulfills its Ends policies. This appendix is the responsibility of the CEO, who sends all updated versions to the Secretary for inclusion. Updated April 9, 2015.

Guiding Policy

Coordinated proclamation to significant numbers of unchurched people (which includes nonbelievers, dechurched and unreached) using mass communications and effectively equipping the church for evangelism. (Source: LHM Strategic Planning – March 2014)

Ministry Impact Metrics

RECIPIENTS	The ultimate recipients of our ministry are the unchurched, meaning non-believers, dechurched, and unreached, who are accessible through mass communications.
COST	The organization will not hesitate to invest the money required to produce high quality mass communications products and services which generate the highest impact results.
GLOBAL ENDS POLICIES	In fulfillment of the purpose outlined in the organization’s Articles of Incorporation, the organization wants to see significant numbers of unchurched people coming to faith in Jesus and engaging with faith communities.

The spiritual transformation LHM hopes to see is indicated by measurements of Reach, Response, Referrals and Equipping. These key performance indicators are ministry impact measurements that reflect effectiveness in achieving the mission of LHM of proclaiming the Gospel to the unchurched and connecting people with a Christian community. While all ministry areas have additional, tracked metrics that are particular to their division, each division tracks its impact in these areas.

REACH	A reasoned estimate of the average number of people who listen to, read, or hear the gospel through one of our outreach programs, activities or materials weekly.
RESPONSE	When someone intentionally provides contact information to allow LHM to follow-up as a result of engagement with an LHM outreach program or product.
REFERRAL	When a person is referred, with his/her consent, to a Christian community (congregation, local outreach team or volunteer, etc.) committed to providing further teaching, counseling or spiritual care.
EQUIPPING	When Christians complete an LHM ministry activity for the purpose of being equipped to more effectively share the gospel with others in fulfillment of the

Great Commission.

Growth Strategy Rationale

There is no excuse LHM should not proclaim the Gospel to the entire world. **Nearly four billion people on this planet are not followers of Christ.** LHM has a tremendous opportunity in the years ahead to achieve explosive growth predicated on a strong message and a continued balanced approach to Gospel proclamation and evangelistic engagement activities.

In 2013 and 2014, LHM initiated a strategic planning process that provided management the opportunity to reflect upon the historical nature and impact of the organization as it worked to achieve its mission and vision. From that process a guiding policy was adopted to better clarify LHM's thinking on growth and establish specific strategic priorities.

The guiding policy identifies the two major areas of emphasis for LHM:

- **Gospel Proclamation:** Proclaim the message of Christ in a way that generates an opportunity for people to respond, encourage people to ask questions and ask for resources and/or request more information. The ultimate goal is to connect people to the church.
- **Equipping the Church for Evangelistic Activity:** Build and strengthen relationships with all constituent groups, work with the existing church to create a new identity where sharing the message of Christ in our communities is a major part of who we are.

LHM has made the decision to intentionally focus on these areas in a balanced approach. The rationale for such comes from the realization that for LHM to be effective in this space it must be coordinated in its activities to reach the lost. LHM has a long history of deploying high quality mass communication proclamation strategies and it must continue to occupy this space as no other Lutheran agency is equipped to provide this service to the church. LHM has also learned that to be successful in bringing people into a relationship with Christ requires a laser focus at the local level in our churches and Christian communities. LHM has built a number of products, tools and services that have been and will continue to be leveraged by those who have a passion and desire to share messages of hope and love in their communities.

This balanced two prong approach to growth is fully affirmed in LHM's strategic priorities:

OUR STRATEGIC PRIORITIES

LAUNCH A NEW ONLINE MISSION FIELD

Lutheran Hour Ministries will launch online programming over such platforms as social media, web TV, video streaming and blogs. With the right message, these programs will potentially reach millions instantly.

BRING THE GOSPEL TO THE UNREACHED AROUND THE WORLD

Lutheran Hour Ministries will dramatically increase its use of radio and online media globally, along with personal and holistic ministries, to reach many more people with the life-transforming news of Jesus Christ. Radio continues to be a highly effective platform, which together with new internet technologies, provide unprecedented opportunities to expand into new geographic regions.

GROW GOD’S KINGDOM THROUGH EXPANDED MEDIA OUTREACH

The Lutheran Hour is more than an icon of American broadcast history – it is a powerful tool for sharing the Good News of Jesus Christ. To broaden this trend, Lutheran Hour Ministries will launch a new mass media program to reach new audiences.

ENERGIZE, EQUIP AND ENGAGE LAITY FOR OUTREACH

Lutheran Hour Ministries has a long and respected history of providing outreach tools to congregations that work in concert with its Gospel proclamation activities. This foundation is the catalyst for us to partner with the laity in order to embolden them to be missionaries in their communities.

The ultimate impact felt from this strategic direction will be in LHM’s ability to reach more people with the Gospel message and place them in closer proximity to Christian communities.

Ministry and Service Models

LHM currently operates three ministry models defined by unique geographies, declared as mission fields within which we work and share the Gospel:

Each model utilizes uniform process architecture by which LHM actualizes its emphasis of Gospel proclamation and equipping churches for evangelism. Yet, each model has historical roots regarding strategy and execution that are contextual to the geography, audience and culture where we currently work.

There is a general process design and strategy that occurs in the ministry efforts of each ministry center which is collaborative intentionally. For the purposes of coordinated activities, aligned performance management metrics and consistent terminology, the three ministry teams work together to achieve efforts that are multiplicative versus additive.

The constituent, creative, executive and ministry service teams work to support the program teams in a cooperative way, leveraging subject matter expertise in an efficient and effective manner.
