Independent Auditor's Report

Board of Trustees
The Lutheran Hour Ministries Foundation
St. Louis, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of The Lutheran Hour Ministries Foundation (the "Foundation"), which comprise the statements of financial position as of May 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Lutheran Hour Ministries Foundation as of May 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Note 1 - Organization and Summary of Significant Accounting Policies

Organization

The Lutheran Hour Ministries Foundation (the Foundation) was established to generate interest in and funds for the ministries of the International Lutheran Laymen's League (the League) and manage the assets of the Foundation. On an annual basis the Foundation provides funding to the League.

The League, doing business as Lutheran Hour Ministries, is a not-for-profit organization which serves as the media evangelism auxiliary of the Lutheran Church—Missouri Synod and the Lutheran Church-Canada. The League's purpose is to proclaim the Gospel of Jesus Christ on a domestic and international scale via the media of radio, television, and other forms of mass communication.

The Foundation, due to substantial organizational control by the League, was consolidated in the League's financial statements for the years ended May 31, 2015 and 2014. These financial statements only include the accounts of the Foundation.

Basis of Accounting and Presentation

The financial statements have been prepared using the accrual basis of accounting. Additionally, the financial statement presentation follows the requirements of Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) which requires the Foundation to report information regarding their financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets

Unrestricted net assets are neither permanently nor temporarily restricted by donor-imposed stipulations and include revenue from fees, certain investment income, and all unrestricted gifts, grants, and contributions. Unrestricted amounts are those currently available at the discretion of the Board for use in the Foundation's operations. In addition, the Board has designated certain funds for the purposes of providing additional security for its gift annuities and endowments for funding certain fund raising activities and other purposes.

Temporarily Restricted Net Assets

Temporarily restricted net assets account for unspent contributions that are restricted by the donor for specific purposes or time periods.

Note 1 - Organization and Summary of Significant Accounting Policies (Continued)

Basis of Accounting and Presentation (Continued)

Permanently Restricted Net Assets

Permanently restricted net assets represent perpetual endowments established for the benefit of the League. These donor-imposed restrictions stipulate that the original contribution be maintained permanently and permit the Foundation to distribute payouts according to the board approved endowment distribution policy.

Cash

The Foundation's cash is on deposit with major domestic financial institutions. At times, bank deposits may be in excess of federally insured limits. Highly liquid investments with initial maturities of three months or less are considered to be cash equivalents and are reported as investments.

Estate Gifts and Other Receivables

Estate gifts which are due and not received as of the financial statement date are accrued as receivables. Unless affirmed by subsequent events, it is the Foundation's practice to establish a 5% holdback for additional fees and adverse market fluctuations. Receivables are also established to recognize investment income due.

Investments

Investments are stated at fair value using quoted market prices. Investment income is recognized when earned. Unrealized gains and losses are included in the changes in net assets in the accompanying statements of activities.

Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Donated Other Assets

Donated marketable securities and other noncash donations are recorded as contributions at their estimated fair values at the date of donation.

Note 1 - Organization and Summary of Significant Accounting Policies (Continued)

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to the 2015 presentation.

Subsequent Events

Management has evaluated all subsequent events and transactions through August 19, 2015, the date the financial statements were available to be issued. No events require recognition in the financial statements or disclosures of the Foundation per the definitions and requirements of FASB ASC 855-10.

Note 2 - Fair Value and Investments

FASB ASC 820 establishes a framework for measuring fair value, and expands disclosures about fair value measurements. FASB ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820-10 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs based on quoted prices in non-active markets or in active markets for similar assets or liabilities. Inputs other than quoted prices that are observable, or inputs that are not directly observable, but are corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

THE LUTHERAN HOUR MINISTRIES FOUNDATION

Notes to Financial Statements - Continued

May 31, 2015

Note 2 - Fair Value and Investments (Continued)

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds, Common Trust Funds(CTF) and Exchange Trust Funds(ETF): Valued at the net assets value (NAV) of shares held at fiscal year-end.

Management determines the fair value measurement valuation policies and procedures. The Investment Committee of the Board of Directors assesses and approves these policies and procedures. At least annually, management: (1) determines if the current valuation techniques used in fair value measurements are still appropriate, and (2) evaluates and adjusts the unobservable inputs used in the fair value measurements based on current market conditions and third-party information.

The Foundation recognizes transfers between levels in the fair value hierarchy at the end of the reporting period.

Investment income at May 31, 2014 consists of the following:

	<u>Total</u>	<u>Board Designated</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>
Dividends and interest	\$ 352,120	\$ 108,164	\$ 243,956	\$ -

	<u>\$ 1,958,989</u>	<u>\$ 695,591</u>	<u>\$ 1,263,398</u>	<u>\$ -</u>

In April, 2015 all investments were consolidated under the management and custodianship of State Street Global Advisors (SSGA) of Boston, MA. Previous to this, only investments pertaining to the gift annuity program were held at SSGA.

The Foundation also manages custodial funds on behalf of certain League districts and zones. Net investment income gain associated with custodial funds was \$23,780 and \$57,567 at May 31, 2015 and 2014, respectively.

Note 3 - Income Tax Status

The Foundation is exempt from Federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code except as to unrelated business income, if any. The Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

The Foundation has addressed the provisions of FASB ASC 740, *Accounting for Income Taxes*. In that regard, the Foundation has evaluated its tax positions, expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings and believes that no provision for income taxes is necessary, at this time, to cover any uncertain tax positions.

THE LUTHERAN HOUR MINISTRIES FOUNDATION

Notes to Financial Statements - Continued

May 31, 2015

Note 4 - Concentration of Risk

The Foundation's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Note 5 - Gift Annuity Liabilities

Gift annuities are established by donors and related entities for the benefit of the International Lutheran Laymen's League and related organizations.

The Foundation established a gift annuity program in which donors make an irrevocable gift to the Foundation and receive an annuity payment for their lifetime and/or their survivor's lifetime. At their death, the Foundation will receive the balance of the annuity. The payments to the individuals are generally based on rates suggested by the American Council on Gift Annuities and the gift values are based on rates established by the Internal Revenue Service which range from 4.1% to 10.0% as of May 31, 2015 and 4.1% to 11.3% as of May 31, 2014. Under the counsel of State Street Global Advisors, the Foundation is in compliance with the reserve requirements and limitations on investments of the states in which the gift annuity contracts have been written.

Annuity reserves were determined by State Street Global Advisors using the Annuity 2000 M&F table with an assumed rate of interest of 4.25% at May 31, 2015 and 2014.

Because of state regulations, the programs for the States of California, Wisconsin, Illinois, and New York are being operated by the League.

Change in gift annuity liabilities:

Years ended May 31,	2015	2014
Beginning gift annuity liabilities	\$ 2,257,713	\$ 2,256,745
Increase in liabilities on gift annuities issued before payouts	104,738	116,335
Other net changes in liabilities including terminations	(196,874)	(115,367)
Ending gift annuity liabilities	<u>\$ 2,165,577</u>	<u>\$ 2,257,713</u>

Note 6 - Custodial Funds

Custodial accounts are being held by the Foundation on behalf of tax exempt affiliates of the League.

THE LUTHERAN HOUR MINISTRIES FOUNDATION

Note 7 - Administrative and Fund Raising Expenses

Administrative expenses were \$170,624 and \$139,459, respectively, for the years ended May 31, 2015 and May 31, 2014. The Foundation did not incur fund raising expenses for the years ended May 31, 2015 and 2014. Certain other indirect expenses are paid by the League.

Note 8 - Board Designated Unrestricted Net Assets

The board designated unrestricted net assets at May 31, 2015 and 2014 include:

	<u>2015</u>	<u>2014</u>
Gift annuities reserve	\$ 1,598,072	\$ 1,593,724
Other retained annuity excess earnings	611,450	1,040,506
Board designated endowments	<u>1,522,776</u>	<u>1,540,684</u>
	<u>\$ 3,732,298</u>	<u>\$ 4,174,914</u>

Note 9 - Endowment Policies

The investment objectives of the Foundation endowment funds are designed to produce the desired long-term real growth over inflation and sufficient income for expenses and the desired annual spending from the Foundation funds. The assets are to be invested with the care, skill, prudence and diligence that a prudent person acting at those times in a like capacity and familiar with such matters would use in the investment of a fund of like character, with like aims and due consideration given to the tax-exempt status of the Foundation. The targeted invested asset mix is currently 55% equities, 40% fixed income, 4% alternative investments and 1% cash equivalents. The Foundation honors donors' specific, written restrictions or directives. The endowment distribution policy follows the requirements of the State of Missouri's Uniform Prudent Management of Institutional Funds Act. The distribution policy is based on 5% of the average market value of endowment assets for the preceding twelve quarters.

Most of the endowment funds permit invasion of corpus not to exceed 10% on an annual basis in the event of extraordinary circumstances requiring the emergency expenditure of funds and only with the approval of the Foundation Board of Trustees. So as to ensure a perpetual source of payout to support the International Lutheran Laymen's League, the Foundation strives to maintain the market value of the endowments on an aggregate basis equal to their total historic dollar value when received. In the aggregate, the fair value of donor restricted endowment funds exceeds the historic dollar value. The Board of Trustees continues to interpret state law to require the original value of an endowment gift to be maintained as the permanent endowment corpus.
