During the **Online Mission Trip**, students across the United States will travel virtually to Madagascar. They will learn about the people, places and ministry opportunities that exist in this unique nation. While the trip is virtual, schools have an opportunity to make a **real impact** on the mission and ministry in Madagascar.

**HOW CAN YOU MAKE A DIFFERENCE IN MADAGASCAR?**

A main feature of the Online Mission Trip is the opportunity to directly support the ministry work taking place in the destination country. Since 2012, schools in the U.S. have given more than $100,000 for international missions!

In 2017, LHM is challenging schools to raise $30,000 for ministry in Madagascar. In a country like Madagascar, this support will have a huge impact!

**WHAT CAN $30,000 DO IN MADAGASCAR?**

**Radio ministry**

LHM-Madagascar works with nine radio stations to reach the entire country every month! Church leaders across the country support and take part in this radio broadcast.

**Youth ministry**

LHM-Madagascar is able to go into schools throughout Madagascar and share the Gospel. Our staff and volunteers are invited to return to these schools and teach students about God’s word and its power for their lives.

**Holistic ministry**

Poverty is a major factor for millions of Malagasy people. LHM-Madagascar offers support for women and children in need.

**Reaching our goal of $30,000 will cover the program costs for these ministries for an entire year! Schools in the United States can ensure that millions hear the Gospel in Madagascar throughout 2017!**
